19th Ave. Mill & Fill Project
#OSU-091008

Work to occur over a few day period between Aug. 3 and Sept. 16th.

Sample of a milled surface

For this project, a mill depth of 4" is specified. Depth shown in this photo is perhaps more like 2"

Sample of an asphalt milling machine

The unit used for this project may or may not look exactly as this one does, but one can gain a sense of the equipment to be used from this photo.
